Belle Buddies

The Belle Buddy program is optional. Please only sign up if you are able to commit to communicating with your Belle Buddy this dance season. The expectation is that you make contact with your buddy and continue to check on them throughout the year to let them know you are thinking of them and are interested in how they are doing. The older students need to be able to handle being a good role model for our younger students. These little ones will look up to you and will one day be in your position as leaders. Younger students feel free to ask your buddy how things work at the studio and at competitions.
